“I chose Wichita State University for my exchange program because WSU is a partner university for my college in Germany. I thought WSU was the best choice for me because of the variety of business courses offered through the Barton School of Business. I would definitely recommend WSU for other exchange students because of the variety of classes, the openness of the professors, staff members, and the people in Kansas.”

**Saki Minamoto**

Aoyama Gakuin University

“WSU has a lot of international students from Asia, Europe, Africa, and Latin America. I wanted to make both American and international friends. At Wichita State there are so many different types of people who come from different backgrounds, it is easy to learn so many new things from everyone around you. I’ve also really enjoyed WSU because of the friendly people. You can experience an amazing stay in Wichita, Kansas!”

**Sergi Calls**

Universitat Autònoma de Barcelona  
*Spain*

“What I enjoyed most about my time at WSU was making lifelong friendships, watching the Shockers play and having the typical American student-life experience living on campus and attending classes. In addition, I enjoyed exploring different local restaurants and bars with my friends and traveling to nearby cities on the weekends. One component of my study abroad experience that I was pleasantly surprised with was the value of education I received. Nowhere else did I receive the enriching personal attention.”
